

Learn & Grow

Streamline Employee Learning to Boost Performance and Engagement

In today's talent-led market, employees expect more from their employers, with learning opportunities being at the top of their list. A learning management system (LMS) can help your organization attract, develop and retain top talent, while also upskilling your current employees to do their jobs more effectively and keeping your business compliant.

With *isolved*® Learn & Grow, you can deliver a simple yet powerful training solution that keeps your employees engaged, on top of their game and continually growing. With a visually intuitive interface, the solution makes training accessible to everyone on your team. Self-paced courses give employees flexibility and gamification elements keep learners engaged. Your employees can also add courses and paths to their dashboard with a single click.

Course Paths

Search	Path Name	Courses	Progress	Duration
	Freshman	12 courses	41%	4 hour 35 minutes
	Getting Started with isolated	2 courses	50%	40 minutes
	Sophomore	18 courses	44%	4 hours
	Junior	7 courses	100%	2 hours
	Senior	26 courses	40%	1 hour
	Benefit - Build	17 courses	100%	
	Benefit - Administration	7 courses	42%	2 hour 42 minutes
	Benefit - ACA	4 courses	0%	50 minutes
	isolved Time	15 courses	0%	
	isolved TimeForce	6 courses	0%	6 hour 32 minutes
	Giving and Volunteering	4 courses	100%	1 hour to 1 hour 5 minutes
	Expense Manage	5 courses	0%	

isolved Learn & Grow includes:

- Comprehensive dashboards and reporting to view employee learning and development
- Personalized and configurable curriculum for individuals, teams and the entire organization
- Robust and inclusive Content Library
- SCORM compliant courses
- Industry-specific and topical playlists to get up and running quickly
- AI-powered search tools and a chatbot to more easily find what you're looking for
- Social learning tools and gamification elements, with badges and certifications
- Training recommendations to further enhance your employees' learning experience

Key Benefits

Gain access to a robust content library with over 85,000 courses on a wide range of topics and languages that you can curate and sort to your unique needs using artificial intelligence (AI)

Incentivize upskilling through personalized paths, quizzes, and certifications that meet individual employee and company growth goals

Establish learning teams and assign coursework based on roles, tenure, specialized training and other factors

Utilize dashboards and reporting to more easily track employee growth and progress across your organization

Recognize and reward employees with digital merit badges and certificates that show course progression and completion

Energize your talent, while growing and honing your skills with an immersive, continual learning experience paired with our vibrant community via People Heroes World

Improve Employee Recruitment and Retention

Enable employees to grow and hone their skills by providing tailored and on-demand learning options, helping you create a talent pipeline for the future, while remaining competitive and preventing turnover today. Incentive upskilling with a robust Content Library, curated playlists and AI-powered searchability with a chatbot to help you quickly find exactly what you're looking for.

Provide Enhanced Learning Experiences and Remain Compliant

Effortlessly create your own paths, quizzes, and certifications and assign courses and paths to employees based on their roles and individual needs, or to an entire team, instantly. Monitor employee progress, completion rates and assessment scores in addition to recording user activity and training history with robust tracking and reporting features. With isolated Learn & Grow, you can reduce compliance risks, save time and money and ensure deadlines are met every time.

Boost Engagement and Productivity

Encourage employees to grow personally and professionally by creating learning opportunities that reward and recognize learners with digital badges, certificates and points for completing tasks. Align organizational goals with your employee's performance, identify skill gaps and deliver training to bridge those gaps for individual and company-wide success. And with People Heroes World, HR teams can source advice from like-minded professionals, share experiences and earn rewards in an immersive community to fuel meaningful communication and collaboration.

Deliver valuable learning opportunities anytime, anywhere with isolated Learn & Grow.
